EXPERIENCE

Information Technology Staff

10/2023 - Present

PT BPR Nusamba Adiwerna

As an Information Technology Staff at PT BPR Nusamba Adiwerna, I am responsible for managing and maintaining the company's IT systems to ensure smooth banking operations. My duties include developing and maintaining web-based applications, administering and securing the network infrastructure, troubleshooting hardware and software issues, and managing CCTV systems. I also provide technical support to employees, ensure data security, and optimize IT resources to enhance operational efficiency.

Information Technology Staff

02/2023 - 06/2023

SDN GETASKEREP 01

As an Information Technology Staff at SDN Getaskerep 01, I am responsible for managing and maintaining the school's IT infrastructure to support administrative and educational activities. My duties include developing and maintaining web-based applications, managing the school network for stable internet connectivity, troubleshooting hardware and software issues, and providing technical support to teachers and staff. Additionally, I assist in integrating technology into the learning process to enhance digital literacy among students and educators.

CCTV Technician

08/2021 - 11/2021

CV ERA NETWORK SOLUTION

As a CCTV Technician at CV Era Network Solutions, I am responsible for installing, configuring, and maintaining surveillance systems to ensure optimal security and monitoring. My duties include setting up CCTV cameras, DVR/NVR systems, and network connections, troubleshooting hardware and software issues, conducting regular maintenance, and assisting clients with system operation. I also work closely with the technical team to ensure reliable and high-quality surveillance solutions for various environments.

Network Engineer

02/2021 - 09/2021

PT RAIHAN TEKNOLOGI PRATAMA

As a Network Engineer at PT Raihan Teknologi Pratama, I am responsible for designing, implementing, and maintaining network infrastructure to ensure stable and efficient connectivity. My duties include configuring and optimizing network devices such as routers, switches, and firewalls, monitoring network performance, troubleshooting connectivity issues, and managing bandwidth allocation. I also provide technical support to users and collaborate with the IT team to enhance network reliability and security.

Production Operator

07/2019 - 05/2020

PT Astra Honda Motor

As a Production Operator at PT Astra Honda Motor in the engine assembly department, I am responsible for assembling engine components according to standard operating procedures to ensure high-quality production. My duties include installing and aligning engine parts, conducting quality checks, following safety regulations, and maintaining production efficiency. I work as part of a team to meet daily production targets while ensuring precision and adherence to company standards.

Computer Technician

11/2017 - 02/2018

CV. UNGGUL COMPUTER

As a Computer Technician at CV Unggul Computer, I am responsible for diagnosing, repairing, and maintaining computer hardware and software. My tasks include assembling and upgrading computers, troubleshooting system issues, installing and configuring operating systems and applications, providing technical support to customers, performing routine maintenance and repairs, and ensuring network connectivity and system stability.
